Italian craftsmen, when asked what his ambition was, replied:

"I should like those who examine the cupolas of St. Mark's five hundred years hence, to say:

"'This was the work of a conscientious artist."

Pride of worthy achievement-that's the secret of all true craftsmanship.

And that's the spirit which underlies the making of Craftsman Furniture.

We build not merely for today but for the years to come. We want to feel that those who follow us can say with pride-nay, more, with affec-

instrument and the conditions of the tralto; Herbert Aldridge, tenor, Bethlehem Chapel, architecturally and Charles D. Roberts, bass. acoustically, under which the instrument is placed are ideal. The organ congan nine stops, the solo organ four stops and the pedal organ six stops. In addition the organ is equipped with fifteen couplers and fifteen combination pistons, a balanced crescendo pedal which will gradually bring on the full power of the organ, and a scherzando pedal, which will bring on the full power of the organ immediately. The swell, choir and solo organs are inclosed in separate cement swell boxes and wind is supplied by a seven-horsepower electric motor. The action is electric-pneumatic. The console organ itself is in a great chamber at the This is an unusual position in the case of a chancel choir, but is made necessary by the lim.ted space at the east end, and the fact that the structure of a crypt chapel is determined by the requirements of the great church above, and not by its own special needs. The voicing of the organ has been done with the utmost care and special attention has been given to the quality of the soft stops. A new stop called "Chanson Angelique" is part of its effective equipment and takes the place of the harp in its

Miss Josephine Underwood Munford, planist, has returned to the city after an extended vacation spent mostly at the family homestead, Highacre, in Fauquier county, Va. M ss Munford has employed the comparative leisure of the summer months in adding to her already generous repertoire. She was also the guest during the heated term of Miss Lorraine Clarke of Bridgeport, Conn., with whom she motored through New England, stopping in New York city en route to Wash-ington. She will spend the winter with her cousin, Mrs. D. F. Hendricks, of Ban-

ONESTY in advertising is an absolute necessity in order to win, deserve and hold the confidence of the public. Back of every great, permanent business success are principles based upon the solid foundation of reliability and integrity. This admits of no misrepresentation in advertising or in any other department of the business structure.

These principles have made the E. F. Droop & Sons Co. the leading piano house in Washington-the safest place to purchase the right piano at the right price-the house where prices first, last and all the time are LOWEST, quality consid-

A LEADING TRADE PAPER

Commenting on one of our recent advertisements, says:

"A large newspaper advertisement of the E. F. Droop & Sons Co. has been sent to this office. It is a strong appeal to piano buyers, and lays especial stress upon the Droop guarantee, backed by a successful business career in the musical circles of Washington, extending over a period of 54 years. The one-price plan is set forth in this strong and unmistakable way: 'The Right Price to Everybody. The price is based on Quality. If you want a \$200 piano, we have it; if you want one costing \$300, \$400, \$500 or \$1,000, we have it. We know positively that no dealer in the country can buy pianos for less than we do-from the great house of Steinway down to the least costly of the pianos we sell. Every manufacturer gives us his rock-bottom price-because we buy for cash. Our advantage, therefore, is always yours.'

"That is the kind of advertising that helps to maintain the confidence of the public, not only to maintain it, but to win and increase it. Edward H. and Carl A. Droop are great believers in the efficacy of the one-price idea. They have learned to value it for the good that it has done in building up the prestige of this representative establishment-they have learned from practical experience its paramount

"Their personal opinion on this point clearly expressed in a recent letter to a United States senator is as follows:

"We do not hesitate to say that we are far more energetic in pushing the goods of a manufacturer who has an established and uniform price throughout the country, than those of the man who permits his wares to be sold on the any-old-price system."-The Piano Trade, Chicago.

Our great line of new pianos reflects the air of reliability everywhere in evidence in our house-pianos that fairly glow with their years of merit, honor and promise of permanent, abiding satisfaction-Steinway & Sons, Fischer, Krakauer, Gabler, Packard, Huntington, Laffargue & Clarendon, Behning Player-Piano, Cecilian Player-Piano, the Solo Apollo, the Laffargue Player-Piano, the Steinway Pianola Piano and the Auto Piano.

Atlantic City.

ATLANTIC CITY, October 26, 1912. These are ideal golfing days down here laden air from the Atlantic ocean. But the great fall event in local golfdom will take place at the Northfield links early in November, 7, 8 and 9. This will b the annual fall golf tournament of the Atlantic City Country Club, and it is expected that the 1912 gathering of golfers will eclipse any similar event held in the past. The tournament will be open to all golfers belonging to the United States Golf Association. Entries will close Wednesday, November 6, for the main event. The New Jersey state water supply commission has decided to buy the Wharton tract of 119,000 acres of land, situated in Camden, Burlington and lantic counties to be used as a water shed. The purchase price is \$1,000,000. gallons of water a day. The post-season visitors who are flockng to the shore during the present delightful fall weather are much pleased at the greatly improved appearance the to oc27-90 Boardwalk presents. The vast deck has teen widened toward the Chelsea section a magnificent new concrete pavilion has been erected at Mississippi avenue and the beach, and the antiquated strings of incandescent lamps that hung in festoons

over the Boardwalk menacingly for years have given place to a dignified line of ornamental pillars that bear the great arc lights in long, continuous lines along the edge of the sea. Drinking fountains, too, are being installed experimentally at different points along the wooden way, and every convenience needful is being added to make complete the seashore added to make complete the seashore the edge of the sea.
